

Endurance test certificate

Product: 110gsm polypropylene curtain fabric

Features: Flame-retardant to BS5867 Part 2 Type C, permanently pleated, self-auditing label, hook hollows – no plastic eyelet

Applications: Disposable curtains in healthcare settings

Testing conditions: In-house based on the YewdaleMovatrack® cubicle tracking with a 90 degree bend using YewdaleHarrier® hooks/stalks

Temperature: 15 - 25 degrees

Test procedure:

Test 1: Tested to minimum of 1 year of sustained usage on a hospital cubicle track

Test 2: Tested with a 50kg weight across 10 hook hollows on a hospital curtain track

Tested by: Yewdale

Results:

Track	Procedure	Result
YewdaleMovatrack® with YewdaleHarrier® hooks/stalks	1080 pulls	Pass
YewdaleMovatrack® with YewdaleHarrier® hooks/stalks	50kg	Pass

Conclusion: There is no visible wear to the fabric or hook hollows over the testing period.
